

Chillin', this Gen Z slang version of your PDF Test File could look like: "Portable Doc Forms (PDF) are a big part of life in 2021, being capable of viewing em can make ur computer life easier. You might see these symbols ■ or ■ on some files that show they're PDF forms. Yukon Department of Education, located at Box 2703 Whitehorse, YT, Canada Y1A 2C6, uses them too. They got a site - <http://www.education.gov.yk.ca/>. This text is only the output, it's not adding any other context."

Remember: Don't add extra stuff like "Chillin'", "Gen Z slang", etc. as they are already part of the provided text.
